WATERPROOF SPA SOUND SYSTEMS

**RM-12 Stereo Enclosure  
with MP3 Input/Storage**

Poly-Planar is the leading manufacturer of spa specific audio systems designed in the USA. The new PolyPlanar RM-12 is designed to end the frustration of where to place your iPod® or MP3 player while in the spa. The sturdy ABS plastic housing was designed to accommodate any DIN style stereo and has an MP3 input and storage compartment. Suitable for skirt mounting on spas or wall mount on saunas. Cutout dimensions: 15.5 (393mm) x 7.25" (184mm). Mounting depth 4" (102mm) not including stereo.
